

1 What are Level 1B + 1C?

Level 1B + 1C are continuation levels following Level 1A. These levels focus on revision and reinforcement of concepts taught in 1A while applying foundational Arabic to Qur'anic Ayaat, Ahadith, and Du'as. The classes are taught collectively and build upon concepts introduced in Level 1A.

2 Can I enroll in 1B only or 1C only?

Level 1B + 1C are combined and taught together as one continuous program. The content may be interchangeable and builds collectively upon the concepts taught in Level 1A.

3 Can I join 1B + 1C without having completed 1A?

Absolutely! You can complete the Level 1A assessment and still join Level 1B + 1C.

4 I already have basic Arabic knowledge. Can I join?

Absolutely! If you already have some Arabic language background, you can complete the Level 1A assessment and join Level 1B + 1C.

5 I've fallen behind in 1A. Should I still join 1B + 1C?

Absolutely! We strongly encourage you to continue. You can review and revise Level 1A material independently while attending Level 1B + 1C classes in person, where concepts from 1A will continue to be reviewed. You are not expected to have fully mastered Level 1A at this stage. With course material, support from the Sheikh, and occasional refresher sessions, you will have a strong opportunity to catch up and progress confidently. Don't hold yourself back — join the program and continue learning.

6 I've completed 1A. Why should I join 1B + 1C?

Level 1B + 1C are the natural continuation of Level 1A. These levels help students apply grammar and vocabulary learned in 1A to Arabic texts such as Qur'anic Ayaat, Ahadith, and Du'as, while strengthening comprehension and fluency in Classical Arabic. After completing Level 1B + 1C, students will be prepared to advance to Level 2 for deeper fluency and understanding.
